OUR COMPANY

AllSeas was founded in 2022 with the goal of processing and commercializing high-quality Ecuadorian shrimp in the United States, Europe, Asia, and Latin American markets

As a company we have strict procedures and follow rigorous guidelines, primarily focusing on HACCP, which determines the correct quality control during the production process.

AllSeas se fundó en el 2022 con el objetivo de procesar y comercializar camarón ecuatoriano de alta calidad a mercados de Latinoamérica, Estados Unidos, Europa y Asia.

Nosotros seguimos directrices estrictas, incluyendo HACCP, que determina la calidad correcta de control durante el proceso completo de la producción.

OUR MISSION

To provide our customers with a product that has world class standards with regards to production, quality, distribution and customer service.

Thereby we'll be able to accomplish our organizational objectives of building and enlarging our commercial relationships and be competitive at an international level leading with the example and the values that characterize us.

Brindarles a nuestros clientes un producto de estándares de clase mundial en cuanto a producción, calidad, distribución y servicio al cliente.

De esa manera cumpliremos nuestros objetivos organizacionales de construir y ampliar relaciones comerciales y ser competitivos a nivel internacional liderando con el ejemplo y los valores que nos caracterizan.

OUR VISION

Be a company that provides our client excellence in terms of quality, human resources, and commercial satisfaction that allows the strengthening of long-term relationships.

Ser una empresa que les proporciona a sus clientes excelencia en términos de calidad, equipo humano y satisfacción comercial que permita fortalecer relaciones a largo plazo.
